## SUMMARY

Computer engineering graduate driven to create and build innovative modern day systems. Skilled in both embedded systems development, and frontend web/mobile development. Passionate about delivering high-quality, user-friendly solutions and excited to contribute to a dynamic team and learn from experienced professionals

---

## EXPERIENCE

### Web Designer & Developer Intern

Shepherd's Voice Radio & Television Foundation, Inc

March 2023 - June 2023

- Designed intuitive and visually engaging websites for church events using Figma, presenting concepts to the IT manager for approval.
- Translated approved Figma designs into fully functional WordPress websites, ensuring consistent branding and usability.
- Performed SEO tagging and optimization on company websites, enhancing search engine rankings and driving increased traffic.
- Maintained and updated existing WordPress websites, troubleshooting issues, and implementing improvements.

### Web Designer & Developer

Manila Klean Fuel Corp.

March 2024 - Present

- Developed and maintained scalable, user-centric web applications using Next.js and TypeScript.
- Designed visually appealing and responsive UI components with Tailwind CSS, ensuring cross-browser compatibility.
- Implemented back-end features in PHP, facilitating seamless data interaction.
- Deployed and managed applications on IIS servers, including troubleshooting.
- Utilized GitHub to manage codebase versions, ensuring effective collaboration and clean code management.

---

## EDUCATION

### Technological Institute of the Philippines

Bachelor of Science in Computer Engineering, Major in Railway Engineering

June 2019 - August 2024

---

## SKILLS

### Technical Skills:

- **Front-End Development:** Javascript, Typescript, ReactJs, ReactNative, NextJs, Tailwind CSS
- **Back-End Development:** Python, Php, Django, Laravel
- **Database:** SQL MySQL, NoSQL Firebase Emulator Suite
- **Embedded Systems:** C++, Arduino Programming.
- **Version Control:** Git and Github
- **Deployment & Hosting:** Windows Server, IIS Server
- **Responsive Design:** Figma, Adobe Creative Suite
- **Graphic Design:** Adobe Creative Suite (Photoshop, Premiere Pro, LightRoom).

### Soft Skills:

- Problem-solving and debugging complex issues.
- Effective collaboration and communication with team members.
- Self-motivated with a strong ability to learn new technologies quickly.
